Mike Martin, Zürich

Richard Ridderinkhof, Amsterdam

The intention of the conference series "Aging & Cognition" is to stimulate cognitive aging research in Europe by bringing together European and non-European cognitive ageing researchers. The first two conferences "Aging & Cognition" took place in Dortmund in 2010 and 2013.

In spring 2015 the third conference "Aging & Cognition" will again take place in Dortmund. It will also be the first official congress of the "European Cognitive Ageing Society" (EUCAS).

After the 2015 conference The "Aging & Cognition" will be continued as conference of the EUCAS in a biannual series at variable locations in Europe, in alternation with the Cognitive Aging Conference (CAC).
