

# Nursing Home Research International Working Group

PRELIMINARY PROGRAM • WEDNESDAY 9 NOVEMBER 2016

- 8:00/8:30am **Welcome by the Organizing Committee**  
*Toni Salva ( Universitat Autònoma de Barcelona, Spain), John Morley, Saint Louis University Medical Center (USA)*  
*Yves Rolland, Gérontopôle Toulouse, (France)*
- 8:30/9:00am **Keynote 1: The Nursing Home from past to future** *Chaired by Yves Rolland (France)*  
*John Morley, Saint Louis University Medical Center (USA)*
- 9:00/10:00am **SYMPOSIUM 1: Possibilities to use the International Prevalence Measurement of Care Problems (LPZ-Intrenational) to improve and monitor quality of basis care in Nursing Homes**  
*Chaired by Jos M.G.A. Schols, MD, PhD, Department of Health Services Research and Department of Family Medicine, Caphri, Maastricht University, Maastricht (the Netherlands)*
- 9:00am • **Using the LPZ-I in UK care homes**  
*Adam Gordon, PhD – Division of Medical Sciences and Graduate Entry Medicine, University of Nottingham (UK)*
- 9:20am • **Measures used in Dutch nursing homes to prevent pressure ulcers: a longitudinal study from 2005-2014**  
*Ruud J.G. Halfens, PhD, Department of Health Services Research, Caphri, Maastricht University, Maastricht (the Netherlands)*
- 9:40am • **The effect of a 3-step pressure relieving strategy for pressure ulcers prevention: an explorative longitudinal study from 2002-2015**  
*Martin van Leen, Avoord Zorg en Wonen, Etten-Leur and Faculty of Health, Medicine and Life Sciences, Caphri / Dept. Health Services Research, Maastricht University (the Netherlands)*
- 10:00/10:30am **ORAL COMMUNICATIONS:**
- 10:15am **OC1 : Changing Talk to Reduce Resistiveness in Dementia Care**  
*Kristine N. Williams, RN, PhD, FGSA, FAAN (a); Yelena Perkhounkova PhD (a), Ruth Herman, PhD (b), Ann Bossen RN, PhD (a) - (a) University of Iowa College of Nursing, Iowa City, Iowa. (b)University of Kansas Center for Public Partnerships and Research, Lawrence, Kansas (USA)*
- 10:30am **OC2: Towards specialized long-term care for people with mental-physical multimorbidity, young onset dementia or severe challenging behavior**  
*Raymond Koopmans, MD, PhD, Department of Primary and Community Care, Radboud University Medical Center, Joachim and Anna, center for specialized geriatric care, Nijmegen, Netherlands, Radboud Alzheimer Center, Nijmegen (the Netherlands)*
- 10:30/11:00am **COFFEE BREAK AND POSTERS**
- 11:00/12:00am **SYMPOSIUM 2: Palliative Care and Care Homes - the PACE project: a randomised controlled trial intervention study across seven European countries**  
*Chaired by Bregje Onwuteaka-Philipsen, PhD, Department of Public and Occupational Health, EMGO Institute for Health and Care Research, Expertise Centre of Palliative Care, VU Medical Centre, Amsterdam(the Netherlands)*
- 11:00am • **Mapping Palliative Care Development in Long Term Care Facilities across Europe**  
*Katherine Froggatt, PhD, End of Life Care Observatory, Faculty of Health and Medicine, Lancaster University (UK)*
- 11:20am • **Developing the PACE 'steps to success in palliative care' intervention and its implementation across seven countries.**  
*Jo Hockley , RN PhD OBE, Primary Palliative Care Research, Centre for Population Health Sciences, University of Edinburgh (UK)*
- 11:40am • **Evaluating the PACE 'steps to success in palliative care' intervention using the RE-AIM framework**  
*H. Roeline Pasman, PhD, Department of Public and Occupational Health, EMGO Institute for Health and Care Research, Expertise Centre of Palliative Care, VU Medical Centre, Amsterdam (the Netherlands)*
- 12:00/12:30am **Keynote 2: Poly medication in nursing home** *Chaired by Bruno Vellas (France)*  
*Graziano Onder, Centro Medicina Dell'Invecchiamento, Università Cattolica Sacro Cuore (Italy)*
- 12:30/1:30pm **LUNCH AND POSTERS**
- 1:30/2:30pm **SYMPOSIUM 3: Structurally involving and empowering stakeholders in the nursing home: the use of Participatory Action Research**  
*Chaired by Gorus Ellen, Associate Professor, Vrije Universiteit Brussel (Belgium)*
- 1:30pm • **Introducing PAR towards residents in nursing homes: exploring participants' experiences and examining the effects**  
*Van Malderen Lien, PhD at the Department of Gerontology, Vrije Universiteit Brussel – Research Foundation Flanders (Belgium)*
- 1:50pm • **Action research with employees in nursing homes – a way to empowerment of staff and residents?**  
*Bilfeldt Annette, Associate Professor, Aalborg University (Denmark)*
- 2:10pm • **Collective involvement in elderly care: clients and professionals working together on practice improvements**  
*Woelders Susan, Msc., researcher at the Department of Medical Humanities, VU University Medical Centre, and the EMGO+ Institute for Health and Care Research, Amsterdam (The Netherlands)*
- 2:30/3:30pm **ORAL COMMUNICATIONS:**
- 2:30pm **OC3 : The effectiveness of a pressure ulcer prevention programme for older people in for-profit private nursing homes: A cluster randomised controlled trial**  
*Enid WY Kwong, PhD (1), Paul H Lee, PhD (2), Rick YC Kwan, MSc (3), , KM Yeung MD (4), Susan SM Law, MSc (5) - (1) School of Nursing, the Hong Kong Polytechnic University, Hong Kong, (2) (3) School of Nursing, the Hong Kong Polytechnic University, (4) (5) Princess Margaret Hospital, (Hong Kong)*
- 2:45pm **OC4: A novel approach to monitoring function and fall risk in elderly people in the nursing home setting**  
*Mark E. Williams, MD (1,2) - (1)Clinical Professor of Medicine and Geriatrics, School of Medicine, University of North Carolina, Chapel Hill, North Carolina USA (2) Co-Founder, LifeGait, Inc. (USA)*

- 3:00pm **OC5: The UMDEX study: Walking aids moderate exercise effects on gait speed in people with dementia**  
*Annika Toots, PT (1,2), Håkan Littbrand PhD (1,2), Henrik Holmberg PhD (3), Peter Nordström PhD (2), Lillemor Lundin-Olsson PhD (1), Yngve Gustafson PhD (2), Erik Rosendahl PhD (1,2) - (1) Department of Community Medicine and Rehabilitation, Physiotherapy, Umeå University, Umeå, Sweden. (2) Department of Community Medicine and Rehabilitation, Geriatric Medicine, Umeå University, Umeå, Sweden. (3) Department of Public Health and Clinical Medicine, Umeå University, Umeå (Sweden)*
- 3:15pm **OC6: When and why do we fall in Nursing Homes?**  
*T Desespierre, PhD, Institut du Bien Vieillir Korian, Paris & University of Paris, France P Denormandie MD, PhD, Korian SA, Institut du Bien Vieillir Korian, Hôpital Raymond-Poincaré, Garches, France, Thierry Dantoine, MD, PhD, CHU de Limoges, Limoges, France, Didier Armaingaud, MD, PhD, Korian SA, Paris, France, L Jossier MD, PhD, Hôpital Raymond-Poincaré, Garches, University of Paris - Saclay, 78000 Versailles, (France)*
- 3:30/4:00pm **COFFEE BREAK AND POSTERS**
- 4:00/5:00pm **SYMPOSIUM 4: Urinary tract infections in nursing homes: it's time for action!**  
*Chaired by Prof. Cees Hertogh PhD, professor of elderly care medicine & geriatric ethics -Department of General Practice & Elderly Care Medicine / EMGO Institute for Health and Care Research, VU University Medical Center, Amsterdam, the Netherlands -Task Force Antimicrobial Resistance, National Institute for Public Health and the Environment(RIVM), Bilthoven (the Netherlands)*
- 4:00pm **•The nursing home: a black hole of antibiotic resistance? Data from the Netherlands**  
*Laura van Buul, PhD, University Network of Organisations for Care for the Elderly, department of General Practice & Elderly Care Medicine EMGO Institute for Health and Care Research, VU University Medical Center, Amsterdam (the Netherlands)*
- 4:20pm **• Mrs. Jones 'is not herself today': let's perform a urine dipstick?!**  
*Ruth Veenhuizen, MD, PhD, University Network of Organisations for Care for the Elderly, department of General Practice & Elderly Care Medicine / EMGO Institute for Health and Care Research, VU University Medical Center, Amsterdam (the Netherlands)*
- 4:40pm **• Defining diagnostic criteria for urinary tract infections in frail elderly: a Delphi consensus study**  
*Prof. Cees Hertogh PhD, professor of elderly care medicine & geriatric ethics -Department of General Practice & Elderly Care Medicine / EMGO Institute for Health and Care Research, VU University Medical Center, Amsterdam, the Netherlands -Task Force Antimicrobial Resistance, National Institute for Public Health and the Environment(RIVM), Bilthoven (the Netherlands)*
- 5:00/6:00pm **ORAL COMMUNICATIONS:**
- 5:00pm **OC7: A system of advance care planning for nursing homes**  
*Gideon A Caplan, MD (1,2), Anne Meller MHA (1), Barbara Squires (3), Stella Chan (1), Wendy Willett (4) - (1) Prince of Wales Hospital, Sydney, Australia (2) University of New South Wales, Sydney, Australia (3) Aged Care Benevolent Society, Sydney, Australia (4) Anglicare Chesalon Aged Services, Sydney, (Australia)*
- 5:15pm **OC8: A study to review clinical practice issues of the aged homes of the Yuen Yuen Institute to enhance the quality of residential care**  
*Claudia Lai, PhD, RN, FAAN, (1) Justina Liu, PhD, RN, (1) Rainbow Lee, DHSc, RN, (1) Enid Kwong, PhD, RN, (1) Rick Kwan, MSc, RN, (1) Patrick Kor, MSc, RN, (1) Alice Tang, MSW, RSW, (2) Annie Chung, RSW (2) - (1) School of Nursing, The Hong Kong Polytechnic University, Hong Kong SAR (2) Social Welfare Department, The Yuen Yuen Institute, (Hong Kong)*
- 5:30pm **OC9: Quality of communication between physicians and relatives of dying residents on end-of life care - cross-country differences in EU long- term care facilities: PACE cross-sectional study**  
*Ilona Barańska, MSc (1) - Katarzyna Szczerbińska PhD (1), Violetta Kijowska MSc (1), Harriet Finne-Soveri PhD (2), Giovanni Gambassi PhD (3), Bregje Onwuteaka Philipsen PhD (4), Sheila Payne PhD (5), Nele Van Den Noortgate PhD (6,7), Myrra Vermooij-Dassen PhD (8), Luc Deliens PhD (6,7), Lieve Van den Block PhD (6) on behalf of the PACE group - (1) Jagiellonian University Medical College, Kraków, Poland (2) National Institute for Health & Welfare, Helsinki, Finland (3) University Cattolica del Sacro Cuoro, Rome, Italy (4) EMGO, Expertise Center for Palliative Care, VU University, NL (5) International Observatory on End-of-Life Care, Lancaster University, UK (6) End-of-Life Care Research Group, Vrije University Brussel (VUB) & Ghent University, Belgium (7) Ghent University Hospital, Belgium (8) Radboud University Medical Center, Nijmegen, NL - (Poland)*
- 5:45pm **OC10: A stepwise development of a multidisciplinary client-centred approach to enable meaningful activities in daily living and quality of life in nursing homes**  
*Patricia De Vriendt, (PhD) (1,2,4), Valerie Desmet (1), Ruben Vanbosseghem (3), Lien Van Malderen (PhD) (2), Ellen Gorus (PhD) (2,5), Dominique Van de Velde (PhD) (1,4), Elise Cornelis (1,2,5) - (1) Department of Occupational Therapy, Artevelde University College, Ghent, Belgium. (2) Gerontology Department, Vrije Universiteit Brussel, Belgium. (3) Department of Nursing, Artevelde University College, Ghent, Belgium. (4) Department of Rehabilitation Sciences and Physiotherapy, Occupational Therapy Program, Ghent University, Belgium. (5) University Hospital Brussel, Brussels, (Belgium)*
- 6:00/7:00pm **LATE BREAKING NEWS**

# Nursing Home Research International Working Group

PRELIMINARY PROGRAM • THURSDAY 10 NOVEMBER 2016

8:00/9:00am **LATE BREAKING NEWS**

9:00/9:30am **Keynote 3: Diagnosis of dementia in nursing home – Results of the IDEM study**

*Chaired by John Morley Saint Louis University Medical Center (USA)*

*Yves Rolland, Department of Internal Medicine and Geriatrics, Toulouse Gérontopôle (France)*

9:30/10:30am **SYMPOSIUM 5: Dysphagia and nutrition in nursing home residents**

*Chaired by Prof. Dorothee Volkert, PhD Institute for Biomedicine of Aging, Friedrich-Alexander-Universität Erlangen-Nürnberg, Nuremberg, (Germany)*

9:30am • **Oropharyngeal dysphagia as a geriatric syndrome: Minimal Massive Intervention (MMI). A new concept for dysphagia management.**  
*Prof. Pere Clave, (1) European Society for Swallowing Disorders. (2) Unitat d'Exploracions Funcionals Digestives, Department of Surgery, Hospital de Mataró, Universitat Autònoma de Barcelona, Mataró, Spain. (3) Centro de Investigación Biomédica en Red de enfermedades hepáticas y digestivas (CIBERehd), Instituto de Salud Carlos III, Barcelona, (Spain)*

9:40am • **Prevalence of dysphagia and nutritional strategies – results from the nutritionDay in nursing homes**  
*Melanie Streicher, Institute for Biomedicine of Aging, Friedrich-Alexander-Universität Erlangen-Nürnberg, Nuremberg, (Germany)*

10:10am • **Oral management of malnutrition in nursing home residents with dysphagia**  
*Angela Gietl M.Sc., Institute for Biomedicine of Aging, Friedrich-Alexander-Universität Erlangen-Nürnberg, Nuremberg, (Germany)*

10:30/11:00am **COFFEE BREAK AND POSTERS**

11:00/12:00am **ORAL COMMUNICATIONS:**

11:00am **OC11: Quality of life in Norwegian Nursing Homes**

*Gørill Haugan, PhD, RN NTNU Norwegian University of Science and Technology, Center for Health Promotion Research, Trondheim (Norway)*

11:15am **OC12: The feasibility of routinely measuring quality of life in care homes**

*Laura Hughes, MSc, Stephanie Daley, PhD, Nicolas Farina, PhD, Naji Tabet, MD & Prof Sube Banerjee, Centre for Dementia Studies, Brighton and Sussex Medical School, England.*

11:30am **OC13 : Developing appreciative relationship centred practice in care homes**

*Belinda Dewar, PhD, MSc, RGN, RCNT, Professor of Practice Improvement, University of the West of Scotland, Lanarkshire (Scotland)*

11:45am **OC14: Active Ageing in the nursing home: enhancing residents' quality of life by means of a multidimensional empowering approach**

*Gorus Ellen, Professor, Department of Gerontology, Vrije Universiteit Brussel – Geriatric Department, Universitair Ziekenhuis Brussel, (Belgium)*

12:00/12:30am **Keynote 4: Anticipatory treatment and care plans for care home residents- experience in the UK**

*Chaired by Graziano Onder, Centro Medicina Dell'Invecchiamento, Università Cattolica Sacro Cuore (Italy)*

*Finbarr Martin, KCL Division of Health & Social Care Ageing & Health, St Thomas' Hospital, Westminster Bridge Road, London SE17EH, (UK)*

12:30/1:30pm **LUNCH AND POSTERS**

1:30/2:30pm **SYMPOSIUM 6: Nursing home medicine: in the triangle of geriatric medicine, rehabilitation and palliative care**

*Chaired by Prof. dr. Jos MGA Schols Dept. of Health Services Research and Dept. of Family Medicine, Maastricht University (the Netherlands)*

1:30pm • **Geriatric aspects of nursing home medicine & care: Using the FRAIL-NH**

*Dr John Morley, Saint Louis University (USA)*

1:50pm • **Palliative aspects of nursing home medicine & nursing home care**

*Bettina Husebo, Bergen (Norway)*

2:10pm • **Rehabilitation aspects of nursing home medicine & care**

*Prof. Wilco Achterberg, Leiden University Medical Center (The Netherlands)*

2:30/3:30am **ORAL COMMUNICATIONS:**

2:30pm **OC15: From bookshelf to bedside: how academic networks facilitate the implementation of research findings in nursing home practice**

*Lizette Wattel, MSc, University Network of Organisations for Care for the Elderly, department of General Practice & Elderly Care Medicine / EMGO Institute for Health and Care Research, VU University Medical Center, Amsterdam (the Netherlands)*

2:45pm **OC16: Achieving cost effective outcomes based end of life**

*Kinley, Julie (1), Hockley, Jo (2) - (1)Care Home Project Team, St Christophers Hospice, London, United Kingdom, (2) Primary Palliative Care Group, Centre for Population Health Sciences, University of Edinburgh, Edinburgh, United Kingdom*

3:00pm **OC17: Shall I stay or shall I go? Factors contributing to a permanent nursing home stay**

*Greg Arling, PhD (1), Kathleen Abrahamson PhD (1), Zachary Hass, MS (1), Marwa Noureldin (1), Yun Cai (1), Putu Ayu Sudyanti (1) - (1) School of Nursing, Purdue University, West Lafayette IN, USA*

3:15pm **OC18: The prevalence of cognitive impairment among the LTCF residents—a comparison of two types of LTCF in Poland**

*Violetta Kijowska, MPh, PhD (1), Michał Wilga, MSc (1), Katarzyna Szczerbińska MD, Assoc. Prof. (1) - (1) Jagiellonian University Medical College, the Chair of Epidemiology and Preventive Medicine, Department of Sociology of Medicine, Krakow, Poland*

3:30/4:00pm **COFFEE BREAK AND POSTERS**

- 4:00/5:00pm **SYMPOSIUM 7: Patients with Korsakoff syndrome living in specialised long-term care facilities, what do we know? Results from 3 scientific studies**  
*Chaired by Els M.L. Verschuur (1,2), RN, PhD (1) Atlant Care Group, Nursing Home Markenhof, Beekbergen, the Netherlands (2) Faculty of Health and Social Studies HAN University of Applied Sciences, Nijmegen (the Netherlands)*
- 4:00pm **• The functional status and quality of life of patients with Korsakoff syndrome living in long-term care facilities: results from the KORSAKOFF-study**  
*Ineke J. Gerridzen MD (1,2,3), Karlijn J. Joling, PhD (1,2), Els M.L. Verschuur, RN, PhD (3,4), Ruth B. Veenhuizen, MD, PhD (1,2), Cees M.P.M. Hertogh, MD, PhD (1,2) - (1) Department of General Practice & Elderly Care Medicine, VU University Medical Center, Amsterdam, the Netherlands (2) EMGO Institute for Health and Care Research, VU University Medical Center, Amsterdam, the Netherlands (3) Atlant Care Group, Nursing Home Markenhof, Beekbergen, the Netherlands (4) Faculty of Health and Social Studies HAN University of Applied Sciences, Nijmegen (the Netherlands)*
- 4:20pm **• Executive dysfunction in patients with Korsakoff syndrome in long-term care facilities**  
*Wiltine Moerman - van den Brink, MSc (1), Els M.L. Verschuur, RN, PhD (1,2), Loes van Aken, PhD (3,4,5), Jos I.M. Egger, PhD (3,4,5) Roy P.C. Kessels, PhD (3,4,5) - (1) Atlant Care Group, Nursing Home Markenhof, Beekbergen, the Netherlands (2) Faculty of Health and Social Studies HAN University of Applied Sciences, Nijmegen, the Netherlands (3) Donders Institute for Brain, Cognition and Behaviour, Radboud University, Nijmegen, the Netherlands (4) Behavioural Science Institute, Radboud University, Nijmegen, the Netherlands (5) Vincent van Gogh Institute for Psychiatry, Venray, (the Netherlands)*
- 4:40pm **• Work-related occupational therapy for residents with Korsakoff syndrome; a qualitative study design**  
*Arna van Doorn - Klomberg, PhD (1), Hennie ten Tije(1), Els Verschuur, RN, PhD(1,2) - (1) Atlant Care Group, Nursing Home Markenhof, Beekbergen, the Netherlands (2) Faculty of Health and Social Studies HAN University of Applied Sciences, Nijmegen, (the Netherlands)*
- 5:00/6:00pm **ORAL COMMUNICATIONS:**
- 5:00pm **OC19: A realist synthesis of evidence of managing Faecal Incontinence in in older people with advanced dementia in Care Homes**  
*Roe B (1), Goodman C (2), Russell B (2), Norton C (3), Buswell M (2), Harari D (4), Harwood R (5), Rycroft Malone J (6), Drennan VM (7), Fader M (8), Maden M (9), Cummings K (10), Bunn F (2) - (1) Edge Hill University, Ormskirk, UK; (2) University of Hertfordshire, Hatfield, UK, (3) Kings' College, University of London, UK; (4) Guys and St Thomas' Hospital, London, UK; (5) Nottingham University Hospitals NHS Trust, Nottingham UK; (6) Bangor University, Bangor, UK; (7) St George's University of London and University of Kingston, Kingston, UK; (8) University of Southampton, Southampton, UK, (9) University of Liverpool, Liverpool, UK; (10) Order of St John Care Trust, Cheltenham, (UK)*
- 5:15pm **OC20: SCREAM Supporting Clinical Rules Engine in the Adjustment of Medication**  
*C Mestres Gonzalvo (1), Z Safipour (1), APBM Braeken (2), BPC van Oijen (1), HAJM de Wit (3), B Winkens (4), R Janknegt (1), FR Verhey (5), JMGA Schols(6), PHM van der Kuy(1) - (1) Department of Clinical Pharmacy, Pharmacology and Toxicology, Zuyderland Medical Centre, Sittard-Geleen, The Netherlands (2) Department of Resources Mobilisation and Funding, Zuyderland Medical Centre, Sittard-Geleen, The Netherlands (3) Department of Clinical Pharmacy, Pharmacology and Toxicology, Zuyderland Medical Centre, Heerlen, The Netherlands (4) Department of Methodology and Statistics, CAPHRI-School for Public Health and Primary Care, Maastricht University, Maastricht, The Netherlands (5) Department of Psychiatry and Neuropsychology, Alzheimer Centrum Limburg/School for Mental Health and Neurosciences, Maastricht University, Maastricht, The Netherlands (6) Department of General Practice and Department of Health Services Research, CAPHRI-School for Public Health and Primary Care, Maastricht University, Maastricht, (The Netherlands)*
- 5:30pm **OC21: Sexual abuse of older nursing home residents- results from a Norwegian pilot study**  
*Wenche Malmedal, PhD, Department of Nursing Science, Norwegian University of Science and Technology (NTNU), Norway - Maria Helen Iversen, MS (2), Valgjerd Frengen Saebøe, MS (3), Astrid Kilvik, MS (4) - (2) Department of Nursing Science, Lovisenberg Diaconal University College, Norway, (3) Department of Nursing Science, Norwegian University of Science and Technology (NTNU), Norway, (4) Research Librarian, Norwegian University of Science and Technology*
- 5:45pm **OC22: Pain assessment in people with severe cognitive impairments and the use of instruments in German nursing homes - results from the cross-sectional study "DemenzMonitor"**  
*Rebecca Palm, (1), Erika Sirsch (3), Sabine Bartholomeyczik (2), Bernhard Holle (1,2) - (1) German Centre for Neurodegenerative Diseases, Witten, Germany (2) Witten/Herdecke University (UWH), Faculty of Health, School of Nursing Science, Witten, Germany (3) Catholic University Vallendar, Pallottstraße 3, 56179 Vallendar, Germany*
- 6:00/7:00pm **LATE BREAKING NEWS**

- P1 • **To investigate whether it is possible to determine signs of imminent dying and change in pain and symptom intensity during pharmacological treatment in nursing home patients, from day perceived as dying and to day of death**  
*Reidun Sandvik Kalfarveien 31 Bergen (Norway)*
- P2 • **Delirium is a common syndrome in nursing homes**  
*R.H. Koop-Kalvenhaa Birmingham City University Enschede (the Netherlands)*
- P3 • **Achieving symptom control not medication burden at the end of life**  
*Jo Hockley Primary Palliative Care Research Group, Centre Population Health Sciences, University of Edinburgh (Scotland)*
- P4 • **Intimations of Dying - the visible and invisible process**  
*Jo Hockley, RN PhD OBE, Primary Palliative Care Research, Centre for Population Health Sciences, University of Edinburgh, (UK)*
- P5 • **Can Post-acute Residents be the CEO of their Care? Implementation of a person-centered medical care model within a Skilled Nursing Facility**  
*Kathleen Abrahamson PhD, RN (1); Jaclyn Myers, PharmD (1); Brittany Bernard, BS (2); Arif Nazir, MD (3) - (1) Purdue University School of Nursing, West Lafayette, Indiana, USA (2)Indiana University Center for Aging Research, Indianapolis, Indiana, USA (3)Signature HealthCare, Louisville, Kentucky, (USA)*
- P6 • **My Life Story**  
*Borizovska Emilija, MD (1), Sambuchi Michel, Psychologue (1), Dechassey Parzy Agathe, Occupational Therapist (1),Farjon Corrine .Coordinating Nurse (1), Dodard Jocelyne Quality Control Manager (1) - (1) Nursing Home Frédéric Mistral, Vaison la Romaine (France)*
- P7 • **Nursing home residents' experiences of living together and sharing daily lives with cognitively impaired fellow residents – results from a qualitative study**  
*Kathleen Schneider, RN, B.A.(1) - (1) Ihr Pflegepartner, Mittweida, Germany - Elke Hotze, RN, Prof. (2), Rebecca Palm, RN, MS (3, 4) - (2) Hochschule Osnabrück, University of Applied Sciences, Osnabrück (3) German Centre for Neurodegenerative Diseases, Stockumer Str. 12, 58453 Witten, Germany (4) Witten/Herdecke University (UW/H), Faculty of Health, School of Nursing Science, Stockumer Witten (Germany)*
- P8 • **Dementia Knowledge Monitor – its development and validation**  
*Anke Persoon, PhD RN, Debby Gerritsen, PhD - Radboud University Nijmegen Medical Centre, Dept. of Primary and Community Care, Nijmegen(the Netherlands)*
- P9 • **Memantine for Nursing Home Residents with Fibromyalgia Syndrome and Alzheimer's Disease**  
*Hughes LD, MBChB, BSc. Senior House Officer, Community Geriatrics - University of Dundee - NHS Tayside (Scotland)*
- P10 • **Human Resources Management in French nursing homes: Economic choices determined by directors' professional profile**  
*Romain Sibille, PhD (1), Marie-Eve Joël, PhD (1) - (1)Department of Health Economics and Organization (LEDa-LEGOS), Université Paris-Dauphine, PSL Research University, Paris, (France)*
- P11 • **Factors associated with family caregivers of frail elderly preferences for the institutional care as the place of end-of-life care and death -A comparative analysis in Japan, South Korea, China, and Taiwan**  
*Jung-Nim Kim, PhD Tokyo-University of Social Welfare (Japan)*
- P12 • **The Role and the Function of the Dementia Care Mapping in Japanese Nursing Homes for the Elderly People**  
*Hisayuki Shimoyama Faculty of Social Welfare, DOHO University (Japan)*
- P13 • **Social Workers Advancing Advance Care Planning**  
*Mercedes Bern-Klug PhD, MSW, Associate Professor School of Social Work, The University of Iowa (USA)*
- P14 • **Management of pain in nursing home residents with cancer**  
*Kate L. Lapane PhD (1), Jacob N. Hunnicutt, MPH, PhD candidate (1), ShaoHsien Liu, MPH, PhD candidate (1), Christine M. Ulbricht, MPH, PhD (1), Bill M. Jesdale, PhD (1) - (1) University of Massachusetts Medical School, Worcester, MA, (USA)*
- P15 • **Nursing home doctors' assessments of barriers and strategies for end-of-life care in Norway and the Netherlands**  
*Anette Fosse MD (1,2), Sytse Zuidema, MD, PhD (3), Froukje Boersma, MD, PhD (3), Kirsti Malterud, MD, PhD (1,2), Margrethe Aase Schaufel, MD, PhD (1,4), Sabine Ruths, MD, PhD (1,2) - (1) Research Unit for General Practice, Uni Research Health, Bergen, Norway (2) Department of Global Public Health and Primary Care, University of Bergen, Norway (3) Department of General Practice, University of Groningen, University Medical Center Groningen, The Netherlands (4) Department of Thoracic Medicine, Haukeland University Hospital, Bergen, (Norway)*
- P16 • **Facilitating involvement of residents' next-of-kin in long-term care facilities - the relatives' perspectives**  
*Sigrid Nakrem, PhD, RN, Associate professor - Norwegian University of Science and Technology (NTNU), Trondheim (Norway)*
- P17 • **Differences in the use of psychotropic drugs between nursing home residents and home-dwelling elderly - a Norwegian study**  
*Amura Francesca Fog (1,2), Jørund Straand (2), Hege Salvesen Blix (3) - (1) Oslo Municipality, Nursing home Agency, (2) Dept. of General Practice/Family Medicine, Institute of Health and Society, University of Oslo, (3) Dept. of Pharmacoepidemiology, Norwegian Institute of Public Health, Oslo(Norway)*
- P18 • **Professional Caregivers' Burnout in Alzheimer Care in France**  
*Philippe Zawieja PhD - (1). Research Unit, & Scientific and Ethics International Council Secretary, ORPEA, France (2). Associate Researcher, MINES ParisTech, PSL University, Centre for research on Risks and Crises, MINES ParisTech, PSL University, Centre for research on Risks and Crises Sophia-Antipolis Cedex, (France)*
- P19 • **Evaluation of an Advance Care Planning Intervention in Dementia Care Homes: Aspects of Feasibility and Acceptability**  
*Kevin Brazil School of Nursing & Midwifery, Queen's University Belfast, UK - Gillian Carter,1, Dorry McLaughlin,1, George Kernohan,2, Peter Hudson,1, Mike Clarke,1, Peter Passmore,1, Katherine Froggatt,3 - (1)Queen's University Belfast, UK - (2) University of Ulster, UK - (3) Lancaster University (UK)*
- P20 • **Administration of medicines in care homes (with nursing) for older people by care assistants**  
**Developing guidance for care home providers**  
*Pr. Karen Spilsbury, Professor John Baker and Dr David Alldred School of Healthcare, University of Leeds (UK)*
- P21 • **Experiences of older people living with dementia participating in high-intensity functional exercise in nursing homes: "While it is tough, it's useful"**  
*Nina Lindelöf, Department of Community Medicine and Rehabilitation, Physiotherapy and Geriatric Medicine, Umeå University, (Sweden) - Lillemor Lundin-Olsson PhD (1), Dawn Skelton PhD (2), Berit Lundman PhD (3), Erik Rosendahl PhD (1,4) - (1) Department of Community Medicine and Rehabilitation, Physiotherapy, Umeå University, Umeå, Sweden, (2)School of Health & Life Sciences, Glasgow Caledonian University, Glasgow, UK, (3) Department of Nursing, Umeå University, Umeå, Sweden,(4) Department of Community Medicine and Rehabilitation, Geriatric Medicine, Umeå University, Umeå, (Sweden)*
- P22 • **The association between fall risk and QOL among high-class-grade nursing home residents: a cross-sectional study**  
*Yasuko Ishimoto, (1) Taizo Wada (2), Yumi Kimura (3), Ryota Sakamoto (2) Michiko Fujisawa (2), Kiyohito Okumiya (2), Kozo Matsubayashi (2) - (1) Graduate School of Medicine, Mie University, Japan. (2)The Center for Southeast Asian Studies, Kyoto University, Japan.(3) Graduate School of Human Sciences, Osaka University, (Japan)*

- P23 • **Motivation to participate in high intensity exercise among older people living with dementia in nursing homes**  
*Anna Sondell, PT, PhD student Department of Community Medicine and Rehabilitation, Physiotherapy and Geriatric Medicine, Umeå University, (Sweden), Håkan Littbrand, PhD (1,2), Johan Nilsson Sommar, PhD (3), Lillemor Lundin-Olsson, PhD (1), Erik Rosendahl, PhD (1,2), Nina Lindelöf, PhD(1,2) - (1) Department of Community Medicine and Rehabilitation, Physiotherapy, Umeå University, Sweden (2) Department of Community Medicine and Rehabilitation, Geriatric Medicine, Umeå University, Sweden(3)Department of Public Health and Clinical Medicine, Occupational and Environmental Medicine, Umeå University, (Sweden)*
- P24 • **Pilot study on psychological needs at community-based care facilities II - Basic data for psychological training**  
*Kyoko Hori, PhD Human Welfare Dept., Seigakuin University, Ageo (Japan)*
